Software worked on :

Group Marks :

Design Process	
Understanding	6
Iterative (life cycle)	6
HTA or similar	6
Scenarios/Personas	6
Use Case	6

Report	
General Presentation	5
Completeness*	3
Detailed Description*	6
Problems Encountered	4
References	2

* Should include milestones, client meeting, record keeping etc..

Group Total: /50

General Comments for the group:

Individual Marks:

Prototype			
Low Fidelity Prototypes	5		
High Fidelity Prototypes	**Design**		
	Clear Requirements	5	
	Look and Feel	5	
	Usability Goals	5	
	User Experience Goals	5	
	Implementation		
	Quality of Implementation	15	
	Test Cases	5	
	User Involvement	5	

Bonus for a fully functional system :   10
(Based on the complexity of the GUI implementation)

Individual total :   /50
